

ACKNOWLEDGMENTS

Alhamdulillahirobbil'alamin, I can finish my thesis, it was a great journey and getting through this required many kinds of support and help from so many individuals. Therefore, I would like to extend my sincere gratitude to all of them. Firstly, my beloved family, especially my parents, I would like to thank you for everything you have given to me, your support and prayers are my strength. To my siblings, Zamzam and Rista, thank you for believing in me, without both of you I would not be able to reach this phase. Secondly, I would like to express my deepest thanks and sincere appreciation to my supervisors for their encouragement, creative, and comprehensive advice until this thesis came to existence. Thirdly, I would like to express my sincere gratitude to my friend, my supporter, my girls, Selvina, Bestari and Demi for your endless help, support, and prayers. Also, Risti and Mira thank you very much for your support. Finally, I want to thank myself for not giving up and always trying my best to finish this thesis. Also, to every single person who has a valuable contribution to my thesis. I apologize for not mentioning them one by one, but I am very grateful for their help and support.
