

## **PREFACE**

This research proposal entitled “YouTube in Academic Listening and Speaking Course: What does It Contribute?” is submitted as partial fulfillment of the requirements for attaining Sarjana Pendidikan degree at English Education Department, Faculty Educational Scienced and Teachers’ Training in Universitas Siliwangi, Tasikmalaya.

This research proposal is created in the form of an introduction, literature review, and research procedures. An introduction provides the content of YouTube in listening and speaking activities and also about academic listening and speaking course, the gap, formulation of the problems, operational definitions, and significance of the study. the literature review provides theories about YouTube and academic listening and speaking. The research design that will be used is a descriptive case study. Therefore the data is collected through semi-structured interview which were analyzed by thematic analysis from Braun and Clarke. The researcher realizes that this research is still far from perfection. Therefore, the researcher will receive any kind of suggestions and criticisms from the readers.

Tasikmalaya, March 2023
