The objective of this research is to find out the role of perceived value in strengthening the influences of product quality on repurchase intention. This research was designed using a survey method by distributing questionnaires to 215 respondents who are Indihome users in Indonesia who are currently or have ever used Indihome, and are over 18 years old, using a purposive sampling technique. The analytical tool used in this research is Structural Equation Modeling (SEM). The results of the study prove that product quality has a positive influence on repurchase intention, and perceived value is able to strengthen the positive influence of product quality on repurchase intention.

Keywords: Product Quality, Repurchase Intention, Perceived Value.

ABSTRAK

PERAN *PERCEIVED VALUE* DALAM MEMPERKUAT PENGARUH *PRODUCT QUALITY* TERHADAP *REPURCHASE INTENTION* (Kasus Pada Pengguna Indihome)
