*This research aims to analyze the effect of excellent service on Home Ownership Credit (KPR) customer satisfaction at PT. Bank Tabungan Negara (Persero) Tbk. Tasikmalaya Branch Office. Excellent service is an important factor in increasing customer satisfaction. By providing excellent service, banks can build customer trust and loyalty. This research method uses a survey method by distributing questionnaires to KPR customers of BTN Bank Tasikmalaya Branch. The data obtained was then analyzed using simple linear regression analysis, coefficient of determination ( $R^2$ ), hypothesis testing and F test (simultaneous test) to examine the influence of service excellent dimensions, such as attitude, attention, action, ability, appearance and responsibility on satisfaction. The results of this research show that excellent service has a significant positive effect on mortgage customer satisfaction. By paying attention to excellent service, it is hoped that Bank BTN KPR customer satisfaction can be maintained and customer loyalty can increase. This is important for PT. Bank Tabungan Negara Tbk. Tasikmalaya Branch Office in maintaining competitiveness in the banking industry. The advice that can be given is that banks must increase attention to customer concerns and provide clear information regarding KPR, as well as staff capabilities that must be further improved in providing excellent service to customers.*
