Yth. pak Asep,

Terima kasih atas emailnya. Pertama bapak harus membuat abstrak terlebih dahulu, yang templatnya ada di tautan berikut:

<http://foitic-itenas.com/submission/>

Selanjutnya bapak harus mengirim abstrak melalui sistem easy chair. Jika bapak belum memiliki account di easy chair, silakan registrasi terlebih dahulu.

Semoga informasi ini bisa membantu bapak dan jika masih ada yang kurang jelas jangan ragu untuk menghubungi kami kembali.

Kami tunggu abstrak dari bapak.

Salam dari Bandung.

Kepada: Asep Andang <andhangs@unsil.ac.id>, Dina Budhi Utami <dinabusoft@gmail.com>

10 Juli 2017 10.10

Yth. Bapak Asep,

Kalau bapak sudah punya account easychair, silakan isi seluruh data yang diminta di: New submission for FoITIC 2017.

Abstraknya silakan isikan di title and abstract.

Selain itu bapak harus mengupload abstrak sesuai template (dlm fdf) di menu uploads (paling bawah).

Selamat mencoba!

Salam

FoITIC 2017

10 Juli 2017 11.51

Pak Asep,

Yang bapak lampirkan itu hanya call for paper seminar melalui easy chair, yang bisa dilihat tanpa log in.

Bapak harus registrasi untuk dapat username dan password. Setelah bapak dapat username dan password, silakan bapak log in ke easy chair.

Tampilan pertama setelah log diperlihatkan pada lampiran. Klik sisi kiri conference, setelah itu klik acronim FoITIC 2017. Selanjutnya pilih menu as an author dan halaman author diperlihatkan di lampiran.

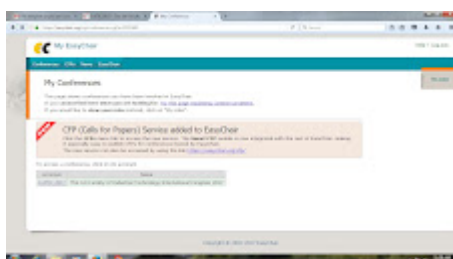

Terima kasih, selamat mencoba.

Salam

Pak Asep,

Kami sudah masuk easychair dengan username dan password bapak. Silakan klik enter as an author.

Setelah itu silakan isi, sesuai petunjuk, ada author 1, author 2 (diisi kalau ada), author 3 (diisi kalau ada), dsb.

Atau supaya agak cepat, bapak bisa kirim abstrak dalam MS Word dan pdf kepada kami.

Terim kasih.

Salam
Dani

Pak Asep,

Mohon membuat abstrak sesuai template yang bisa didownload di tautan:

<http://foitic-itenas.com/submission/>

Gunakan saja format diatas yang menggunakan head letter abstract format FoITIC.

Keep on spirit and go ahead pak Asep.

Greetings from Itenas Bandung.

----- REVIEW 1 -----

PAPER: 11

TITLE: Effect of Air Gap on Armature Voltage on Axial Flux Permanent-Magnet Generator ac by Using NdFeB 53

AUTHORS: Asep Andang and Nurul Hiron

Overall evaluation: 2 (accept)

----- Overall evaluation -----

The main theme of this abstract is simulation about permanent-magnet generator, to explore the effect of air gap. The conclusions are clearly stated. Go ahead with full paper!

----- REVIEW 2 -----

PAPER: 11

TITLE: Effect of Air Gap on Armature Voltage on Axial Flux Permanent-Magnet Generator ac by Using NdFeB 53

AUTHORS: Asep Andang and Nurul Hiron

Overall evaluation: 2 (accept)

----- Overall evaluation -----

The contents of this abstract is to evaluate effect of air gap on armature voltage, on the specific generator, through the experimental set test. The method and the results have been explained clearly. I recommend this abstract to be presented.
