

## **PREFACE**

The thesis entitled “The Investigation of the Benefits of Canvas in EFL Classroom” is filled with the background information of why this research is carried out, the literature review, methodology, findings and discussion. The background contains the issue or phenomenon about the research, states the gap, justifies the need for conducting the study and summarizes what the study aims to achieve. The literature review states the theoretical background of the research and relevant research to be reviewed. In this research, the theoretical study is divided into 2 parts; learning management system, canvas as a learning management system in EFL classroom. The recent research needs several procedures to achieve the desired results presented in findings and discussion; among them are methodology, setting and participants, the technique of data collection and data analysis are presented in the research procedure.

The recent research cannot be accomplished without the support from several people that have helped her in finishing this thesis. Therefore, on this special occasion, the writer would like to express her gratitude in the acknowledgement section.
