Dear Dr. Jajang Badruzaman

On behalf of the WSEAS Transactions on Business and Economics, we would like to thank you for submitting your paper.

The following contribution:

Title: Return on Equity (ROE) influence to Price Earnings Ratio (PER) and Price to Book Value (PBV)  
ID: 5903-724

was successfully received and will be sent to reviewers. You will be notified of the evaluation result within the next few days.

You should bear in mind that at least one author of each accepted paper must register, in order for the paper to be published. The registration deadline is mentioned in the web page of the conference and it will not be extended. If you wish to submit another paper, you may do so until the submission deadline which is also stated in the web page.

You can access your paper and related information at <https://wseas.org/wseas/en/authorsArea.action> in the 'Authors area'. For this purpose, please use the username and password already sent to you. You may also revise the authors' information or the paper itself via this page, or check its status.

For further information regarding the conference, please refer to its main web site. Should have any further questions, you may contact us at [support@wseas.org](mailto:support@wseas.org). Always include your paper ID for your convenience.

Best Regards,

The WSEAS Team

Contribution of this paper should be mentioned in abstract

**Authors Reply:**

We thank you again for the great suggestion. We fully agree with you that the contribution of this work needs to be presented in abstract. Accordingly, we have revised our submission again. Please check in abstract

**Reviewer :**

In the end of introduction, author should be give information about how the objective of this research

**Authors Reply:**

We thank you for the comments on our paper. We agree with you that we should mention the the main objective in our paper. We have explained this more clearly in our revision. Currently, there is great interest in the financial statements issued by 37 companies listed on the stock exchange by meeting three criteria in this study.

**Reviewer :**

In the literature review, what is your hypothesis for this research ?

**Authors Reply:**

We thank you for the nice suggestion. We have also reported our hypothesis of this research before methodology section. We have revised and highlight

**Reviewer :**

Sample of this work should be explained with clear

**Authors Reply:**

We thank you for the nice suggestion. We have revised and highlight. “Based on these three criteria, a sample of 37 companies was obtained, as shown in Table I. Each company has 4 data that publish financial reports each year from 2015 to 2018. The total number of observational data from 37 companies multiplied over four years is 148 data for each. -respectively ROE, PER, PBV”.

**Reviewer :**

Please give comparison analysis of external factors of ROE on PBV

**Authors Reply:**

We thank you very much for your suggestion. We strongly agree with you that the comparison analysis of external factors of ROE on PBV should be explained in conclusion. We have revised it
