Subject: ICADEIS 2022 notification for paper 24
Date: 20 October 2022 09.47
To: Alam Rahmatulloh alam@unsil.ac.id

Dear Alam Rahmatulloh,

On behalf of the Committee for International Conference on Advancement in Data Science, E-learning and Information Systems (ICADEIS 2022), we are pleased to inform you that your submission:

Manuscript Title: Event-Driven Architecture to Improve Performance and Scalability in Microservices-Based Systems
Manuscript ID: ICADEIS2022- 24

The technical reviewer(s) has reviewed and accepted the manuscript for presentation at ICADEIS 2022 through a hybrid conference. After fulfilling all requirements, the papers will be published in IEEE Xplore

Author(s) are therefore requested to:

1. Submit a Camera-ready (CR) paper by October 25, 2022, by updating the paper submission in the Easy Chair as well as send an email Doc & PDF Version to the Program Chair (icadeis2022@gmail.com)

Please refer to the CR template and submission guidelines at <http://www.icadeis.com/> before submitting the paper. Author(s) are required to strictly follow the format and incorporate the reviewers' comments, which have been included in this message.

2. pay for the conference's registration fee (the US \$ 393) / Rp. 6.000.000,- through :

Account Number : 8321066202200018

Account Name : Telkom University ICADEIS 2022

Swift Code : BNINIDJA

Bank Name : Bank Nasional Indonesia (BNI)

Bank Address : Jl, Perintis Kemerdekaan no. 3 Bandung

IBAN : 3333873333

Payment References: PaperID, ICADEIS2022

Registration payment via Bank Transfer should be made before October 25, 2022. (Actual debit amount is subject to change according to the exchange rate)

3. Email icadeis2022@gmail.com for the receipt as proof of the payment. Paper(s) without payment will not be considered for publication.

4. Send a copy of the plagiarism report (under 15 %) to your Program Chair. Below is the email address of the Program Chair: icadeis2022@gmail.com

Congratulations, and see you in the ICADEIS2022!

Best regards,

Program Committee ICADEIS 2022

SUBMISSION: 24

TITLE: Event-Driven Architecture to Improve Performance and Scalability in Microservices-Based Systems

----- REVIEW 1 -----

SUBMISSION: 24

TITLE: Event-Driven Architecture to Improve Performance and Scalability in Microservices-Based Systems

AUTHORS: Alam Rahmatulloh, Fuji Nugraha, Rohmat Gunawan and Irfan Darmawan

----- Overall evaluation -----

SCORE: 1 (weak accept)

----- TEXT:

Strengths:

(+) The problem is well-motivated.

(+) The literature review is good.

(+) The references are appropriate.

(+) The proposed method is well-explained.

(+) The figures are appropriate.

Weaknesses:

(-) The authors did not follow the paper template from OC.

(-) Experimental evaluation must be improved.

(-) The problem definition is not formal enough.

==== FORMAT ====

The paper does not follow the required template / format from OC. Please check the guidelines carefully and fix it.

==== PROBLEM DEFINITION ====

Authors should give a clear formal definition of the problem.

==== EXPERIMENTS ====

There is not enough discussion of the experimental results.

TITLE: Event-Driven Architecture to Improve Performance and Scalability in Microservices-Based Systems

AUTHORS: Alam Rahmatulloh, Fuji Nugraha, Rohmat Gunawan and Irfan Darmawan

----- Overall evaluation -----

SCORE: 1 (weak accept)

----- TEXT:

Overall this paper is quite good, the abstracts presented are quite clear, have problems and solutions to problem solving. Furthermore, the methodology is also very easy to understand. The discussion is also very detailed.
